

5/24/2021

Dear Valued Resident,

As we continue to navigate COVID-19 together, the safety of our residents, associates, clients and guests remains our top priority. Portico's leadership remains committed to following the expert guidance in our response to this pandemic. The Centers for Disease Control recently published the following update:

- If you are fully vaccinated, you can resume activities that you did prior to the pandemic.
- Fully vaccinated people can resume activities without wearing a mask or physically distancing, except where required by federal, state, local, tribal, or territorial laws, rules, and regulations, including local business and workplace guidance.

Effective immediately, fully vaccinated guests and residents are welcome in our leasing offices without a mask. We strongly recommend that non-vaccinated guests, residents and team members wear masks. We will continue to follow city and state ordinances where masks continue to be required. While we encourage our residents to continue social distancing, masks are not required in other indoor/outdoor common areas.

Have You Been Fully Vaccinated? In general, people are considered fully vaccinated:

- 2 weeks after their second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or
- 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine
- If you don't meet these requirements, regardless of your age, you are NOT fully vaccinated. Keep taking all precautions until you are fully vaccinated.

We appreciate your kindness and understanding as we have worked to navigate this pandemic. With fewer restrictions and warmer weather, we look forward to more opportunities for resident interaction and fun! We are grateful for your support of our management and maintenance teams as they work to provide the best possible living experience for each of you. Thank you,

Portico Property Management
