

3/11/2021

Dear Valued Resident,

As we continue to navigate COVID-19 together, the safety of our residents, associates, clients and guests remains our top priority. For the past year, we have been closely monitoring the latest data and putting processes in place to best respond to this pandemic, informed primarily by the expert guidance of the Centers for Disease Control and Prevention (CDC) and local health authorities. Most of you are already aware that Governor Abbott recently removed the mask mandate for the state of Texas.

While the statewide policy has changed, scientific consensus has not. The CDC continues to advocate mask wearing as the single greatest factor in helping stop the spread of COVID-19. The federal government still requires mask wearing for travel and in all federal buildings. The majority of retail and restaurants throughout Texas are keeping mask protocols in place. As such, Portico Property Management is keeping our current mask policy in place for the time being and continuing to require that all guests and residents wear a mask or face covering while in our offices or common areas.

While we are encouraged at the progress in slowing down the pandemic, our leadership team will continue to follow our COVID-19 protocols, provide updates, and make the best possible decisions for all involved. We understand that opinions vary on mask-wearing and many other topics, but we can all agree that we are ready to put this pandemic fully behind us. We ask for kindness and understanding in our expectation of wearing masks within the community. We are grateful for your support of our teams as they work to provide the best possible living experience for each of you.

Thank you,

Portico Property Management
